**4.1.1 The Institution has adequate infrastructure and physical facilities for teaching- learning, viz., classrooms, laboratories, computing equipment etc**

**Department of Computer Science and Engineering**

**Classrooms:**

The Department of Computer Science and Engineering comprises of 6 classrooms well equipped with LCD projectors and Wi-Fi facilities for teaching and learning.

**Laboratories:**

The department comprises of specialized high-end laboratories with adequate equipment taken care of by well-qualified and experienced support staff. Students are permitted to do minor and major projects.

**Internet and Wi-Fi:**

The Department has a **300 Mbps** internet leased line that connects all the computer laboratories with LAN and Wi-Fi facilities making it easy to browse and search for academic-related information on the web.

**Library:**

The college library offers a variety of text books and reference books to meet the needs of staff and students. International and national journals and magazines are also included. There is enough reading material, like previous years' question papers, project reports, journals accessible for reference.

COMPUTER LAB 2

**Department of Civil Engineering**

**Classrooms:**

The Civil department offers 3 classrooms for teaching and learning, 3 of which have ICT-enabled features such as LCD projectors, and Wi-Fi.

**Laboratories:**

The department has 4 labs furnished with newest-designed equipment and facilities. The Department of Civil Engineering is led by highly trained, devoted, and experienced faculty. The department laboratories give opportunities for students to qualify as competent Civil Engineers and contribute to the growth.

**Internet and Wi-Fi:**

Aside from the computer laboratories setup for the curriculum programs, the university has established computer facilities for general use. Wi-Fi is available across the campus, and the internet speed has been increased to 300 Mbps via leased line.

**Library:**

The college library offers a variety of text books and reference books to meet the needs of staff and students. International and national journals and magazines are also included. There is enough reading material, like previous years' question papers, project reports, journals accessible for reference.

**Department of Humanities and Sciences**

**Classroom:**

The Humanities and Sciences department includes 6 classrooms for teaching and learning, 6 of which have ICT-enabled features such as LCD projectors. This department is multidisciplinary in nature, having faculty members from English, Mathematics, Physics, Chemistry, and Environmental Studies. The Humanities and Sciences department helps students transform from being undergraduates to being the cream of the society, that is, Engineers.

**Laboratories:**

The department has appropriate well-equipped laboratories, each of which is installed with adequate laboratory equipment.

**Internet and Wi-Fi:**

The institution has good Wi-Fi facility with high internet speed of 300 Mbps through leased line.

**Library:**

The H&S Department's part of the library provides a variety of text and reference books to meet the needs of our professors and students. It also includes international and national journals and publications, question banks, and previous year exam papers.

**Department of Business Administration**

**Classroom:**

The Department of MBA includes 2 classrooms for teaching and learning, 2 of which have ICT-enabled features such as LCD projectors, smart interactive boards, and Wi-Fi.

**Laboratories:**

The department has 1 laboratories, each of which is installed with adequate laboratory equipment. Students are permitted to do their final projects in the individual laboratories where the communication skills are fine tuned according to the needs of the business houses today.

**Internet and Wi-Fi:**

The institution has good Wi-Fi facility with high internet speed of 300 mbps through leased line.

**Library:**

The MBA Department's part of the library provides a variety of text and reference books to meet the needs of our professors and students. It also includes international and national journals and publications, question banks, and previous year exam papers.
