Search for realistic solutions inevitably leads us to one of the most fundamental questions of our time: who will bring about the many changes that must occur in the lives of billions of people. Developing moral capabilities is a prime need in our NSS programmed and for this reason we had took our 39 NSS volunteer along with 02 NSS coordinator to Ramkrishna Matt to attend the Speech of Swamyji, Sawamyji said, Human values are the principles that one should follow to live a happy and positive life. Truthfulness, punctuality, etc. are all human values. Previously people could do anything to follow the human values as truthfulness, respecting elders, etc. was everything for people, but now, a very short percentage among them are following human values.

The basic human values include a lot of points and the most basic one among them is **loyalty, love, peace, honesty, truthfulness**, etc.

We conducted a Career Guidance Program for students - career guidance is a very important aspect of our life. In fact, it can make or break your career. And career guidance is very essential for success. If you want to see your career moving in a right direction then career guidance is of utmost importance.

Everyone wants to be successful but they do not get the right guidance to make the right decision at the right time. If you have a pre-planned guidance for your career then it can make a lot of difference. Today, awareness about career guidance is still very low among younger generation. The culture of going to a counselor is so important in our country, so we decided to give the right guidance to the upcoming citizens.

This village has only one ZPH school; we chose the tenth class students as their entire future is lying in front of them. To choose the right path we need right guidance. The best part of career guidance is that it is very objective as well as strategic. You could get a clear picture of what your goal should be or must be. So we did a lot of ground work to convey our content to them effectively. We wished all the students to do well in their SSC examinations and score good grade points.

NSS Cell of MIETW observed Anti-Terrorism Day on 21st May 2018. The Anti-Terrorism Day is observed throughout the country on 21st May every year. The day was marked by a pledge-taking ceremony. In this programme, students from across the departments along with staff members from teaching and non-teaching community of MIETW took a "Pledge." While remembering recent acts of terrorism on the Indian soil, participants condemned such heinous acts of cowardice and terrorism. NSS Programme Coordinator Mr. Mohd. Abdul Hafeez & K. Madhu Babu told participants that the objective behind observing Anti-Terrorism Day is to bring awareness among students and youth regarding terrorism and violence, and the damage it does to the life, property and country.

As part of the programme, an informal discussion was organized urging participants to express their views and opinions on terrorism and violence. It emerged from the discussion that violence in any form must not be tolerated, be it domestic violence, sexual harassment, bullying, online abuse, or terrorism. At the same time, it was proposed that students right from the primary classes must be educated about these topics for a healthy and safe India; and teachings of non-violence be imparted into young minds.
