Megha Institute of Engineering and Technology for Women- NSS Unit organized "HARITHAHARAM" on our campus on August 21, 2018, with great fervour. The program started with our principal Dr. Venu Gopal lighting the traditional lamp. For this memorable event, all heads of the departments, staff members and students have participated in this programme.

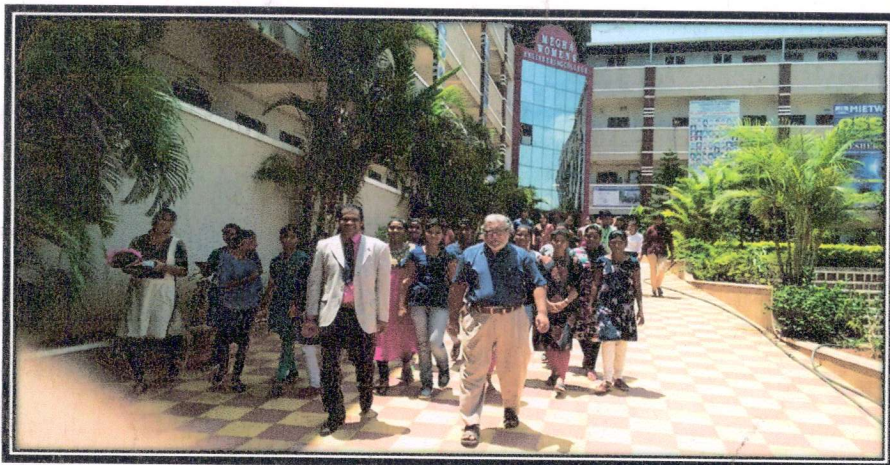

Telangana Chief Minister K Chandrashekar Rao started the programme on July 3, 2015. This is a Telangana Flagship effort to revitalise degraded forests and safeguard them from the dangers like smuggling, encroachment, fire, and grazing. It took a unique approach to implement rigorous soil and moisture conservation measures.

The Principal Dr. Venu Gopal started planting trees in the beginning of the programme on this great occasion, several student and staff have attended and made this programme successful. We bring different types of plants like neem, mango, jamun, etc., from GHMC. Saplings were planted in different areas of college like beside sidewalk, on divider, ground, etc.

Voter awareness program was arranged for our staff and students in our college on February 4, 2019. This awareness program aimed at new voters and those who never vote. Healthy voting practices help create a strong democracy, and a free and fair vote is the fundamental tool through which citizens can express their political preferences and developmental wishes. We are dedicated to sensitizing voters about the importance of participating in the electoral process as a way to ensure a responsive, accountable and democratically elected government. Vice-Principal MIETW guided students about Voter Awareness as a series of events to increase public awareness and participation in the upcoming elections. Voting is a responsibility, and an action in which every member of society should partake. In particular, our youth need to understand that their vote can make a difference. Our vote holds our local and national leaders responsible for the decisions they make. Our vote sends a message about the issues you think are important. Our vote affirms your right as a free citizen to elect our government and take part in democracy. Without voting, there could be no democracy. It is our duty to vote intelligently. Do not waste your right to vote. Vote because you care about your community. Vote because it will make you feel good to participate and have a say. Vote because it is the right thing to do. When we vote, we choose the representatives who will make the laws and policies that govern how we live together. After that Mr. K. Madhu Babu from the MBA department explained about how to fill a 6-number form for registration for new voters. Finally Principal Dr. Venugopal appealed to all the students to fill up the voter registration form and give their valuable vote in the upcoming elections. NSS volunteers have taken great efforts to conduct the programme smoothly.
