Megha Institute of Engineering and Technology for Women National Service conducted a "Plantation Drive" on August 21, 2019, in one of the villages at Edulabad. As a part of this, NSS Volunteers, NSS in-charge and Faculty Members from department of CSE were involved. On the day of the event, all the NSS volunteers, NSS faculty in-charge and four faculty members of the parent department started from the college at 9.30 am on a bus and reached the place by 10 am. After reaching Edulabad, all the volunteers were again divided into 18 groups by the faculty in-charge with a faculty assigned to each of them. All the 18 groups went in four directions from the Gram - Panchayat Office of Edulabad, to ensure that the volunteers covered most of the village premises.

Program Officer and some volunteers went to Panchyathi Office and distributed a sapling to the president and started the plantation event. The secretary discussed with the program officer to plan further events which can help in the growth of the village.

Some of our volunteers visited every house and distributed saplings and made them aware of the importance of trees and adverse effects of deforestation. Most of the villagers showed a great interest in planting trees and they gave an assurance that they will take care of them.

Some of the villagers interacted with the volunteers and shared their feelings and problems with them. Our volunteers listened to their problems and made them feel comfortable to make them happy by giving a hope that they will pass all the problems in the village to the Panchayat and government to take necessary actions to solve the problems of the village.

All the 6 groups went in four directions from the Gram-Panchayat Office of Edulabad, to ensure that the volunteers covered most of the village premises.

The aim is to create greater awareness, education and understanding with villagers on the importance of literacy in their lives. According to analysis, one out of five villagers had not been educated, so we planned to create awareness about literacy. Our volunteers made villagers aware about the importance of literacy in the present society. Volunteers donated free books and stationery to children in the village to motivate them to join school. The villagers showed great attention to our words on literacy.

NSS UNIT of MIETW celebrated Constitution Day on 26th November, 2019. The Indian Constitution was adopted on November 26, 1949, and came into force on January 26, 1950, marking the new era in the history of India. The Government in 2015 decided to observe 26th November as 'Constitution Day' or 'Samvidhan Divas'. In this regard, a communication had been received from the Ministry of HRD to celebrate 'Indian Constitution Day' on 26th November, 2019. The function of 'Samvidhan Divas' was addressed by the Vice Principal Sai Venkat Krishan followed by a pledge on the Preamble of Indian Constitution was taken by all faculty and students. A few students volunteered and spoke about the Indian Constitution.

NSS department of ECE MIETW has Conducted "Swachhta Edulabad" Event on 26th Nov 2019 in Edulabad village by the NSS Cell. On the day of the event, all the NSS volunteers started from the college at 9 am on a bus and reached the respective places by 9.45 am. The main theme of the NSS cell is to create a social awareness among students. After reaching the village, volunteers met the village sarpanch and identified the places for Swach Bharath activity. Three places were identified including government elementary school and underpass bridges. Volunteers also planned to conduct an awareness program in the school children about basic personal hygiene to avoid seasonal fevers.

All the volunteers actively took part in the event and participated in cleaning of the school and roads. Some volunteers participated in awareness programs. Each volunteer of the awareness program was given a group of school children to create individual awareness on personal hygiene. Volunteers cleaned surroundings of school which were filled with garbage and unwanted plants. Some of the volunteers went house-to-house to encourage cleanliness in the village. We explained how important it is to keep their premises clean and tidy to avoid seasonal fevers

NSS unit Megha Institute of Engineering and Technology for Women conducted a one-day organ donation campaign to highlight and spread awareness about organ donation among the students on November 27, 2019, on account of National Organ Donation Day. NSS volunteers and programme coordinator visited each class and explained the importance of organ donation to students. They encouraged students to spread awareness in their nearby area and families. In India, finding a donor match is a difficult task for the organ recipient's family and this challenge is compounded by lack of awareness. Six faculty members took the pledge to donate their organ. Leading by example, more than 105 students of department of Management and commerce pledged to donate their organs. These initiatives have the ability to encourage people to come forward and donate organs of their deceased beloved. This will save and help elevate the quality of lives of many patients in need of organs. We are looking forward to more such initiatives and campaigns in the future.

The day, March 8, 2020, we at Megha celebrated International Women's Day. We had guests from different walks of life as our chief guests.

The Principal Dr. Venugopal, Vice Principal, Mr. Sai Venkata Krishna, HODs, and other faculty members and students were present for the event.

Our guests delivered an inspiring talk. It was discussed that it has been over a century that the International Women's Day was being celebrated. We have made our point and now it is time to move on. We must break the myth that we are Super Women. We must not feel guilty to look after ourselves, to spend some 'me' time. This is even more relevant in the Indian context.

The students were motivated by the speeches which were gripping and encouraging. It was pointed out that women should take charge of their lives and try not to depend on someone else, and that they must set a precedence which will benefit the future generations of women. They also cautioned the students and women in general about the importance of health, especially during these difficult times of Covid-19.
