

### 7.3 INSTITUTIONAL DISTINCTIVENESS

The holistic perspective of the college is to make the students focus on understanding values, nurturing skills and moving towards knowledge. MIETW motto to excel in women empowerment, takes pride in the making it distinctive with respect to other institutions. The main areas which makes MIETW unique are

- SERVICE TO ALL
- CELEBRATE WITH ALL
- EDUCATION FOR ALL

#### SERVICE TO ALL

##### **GOOD SAMARITAN:**

The motto of this movement is “Live and Let Live.” Charged up with this motto, our students and faculty strive to do their best to make the lives of the people in the surrounding areas easier and less complicated by frequently enquiring about their health, living conditions, and ensuring a good supply of food, clothing, and medicine. This is done by appointing a few people to take up

the responsibility of reaching out to the people and bringing the grievances to the appropriate authorities appointed for this aspect.

**Students interacting with the villagers and knowing about living conditions**

#### **SAHAAY:**

The motto of this movement is “Preach and Reach”. It is a means where the faculty and the students of MIETW first preach about the different ills of the society like dowry, superstitions affecting women and also the general population, and then reaching out to them. Our institute being a women’s college, we concentrate more on the problems related to women. We lend our helping hand to the general population by literally reaching out and lending our helping hand to the needy. The college takes pride in announcing that there are around four hundred

members of this organization. Implementing the purpose of the organization, amount collected was donated to a four-year-old cancer kid who was undergoing treatment at the local cancer hospital. Moreover, many students and staff were benefited with such noble causes. Our staff was very generous in coming forward to help the fellow colleagues at times of distress or ill health.

## **CELEBRATE WITH ALL**

The motto of this is “Celebrations Galore.” The College has started working with this motto with the intention of bridging the gap between the teachers and the students. This organization spurs up the sociality and the spirit of oneness by conducting various social and ethnic activities. Some of which are Orientation Day for the first year students, Independence Day, Cleanliness, Environment Day, with sapling plantation, gender sensitization, Traffic Rules Awareness, Ganesh Nimarjan, and Janmashtami celebrations.

**CULTURAL HARMONY:** MIETW promotes peace and understanding among students – the only way to live in a unified way in spite of being different. Globalization and cultural harmony have opened new dimensions for democracy. The exchange of ideas and forms of art enriches people individually as well as a nation and even internationally. It helps dispel negative stereotypes and personal biases about different groups. In addition, cultural diversity helps us recognize and respect “ways of being” that are not necessarily our own, so that as we interact with others we can build bridges to trust, respect, and understanding across cultures. MIETW has been a station for such cultural harmony and integrity by celebrating every festival with gaiety.
